AT&T GIVES \$3,500 TO UNITED WAY OF NORTH CENTRAL FLORIDA

GAINESVILLE, FL, September 21, 2017 — For over 60 years, AT&T has supported the United Way. Today, AT&T continues this legacy of support through a contribution of \$3,500 to United Way of North Central Florida. In 2017, AT&T gave \$4 million to more than 400 local United Ways across the country.

United Way of North Central Florida will use the contribution to support programs that create lasting change in our community. United Way is dedicated to improving lives by mobilizing the caring power of communities around the world to advance the common good, as is evident from the work United Way of North Central Florida is doing in their six-county footprint. For example, in the past year, the organization funded 33 local programs all fighting for the health, education and financial stability of their community members.

“We are so thankful that AT&T has chosen United Way of North Central Florida to receive this gift. It will go directly to support the 33 local programs funded by our Community Investment Fund,” said Director of Community Impact Norinda Yancey.

“AT&T shares United Way’s commitment to strengthening communities and improving lives,” said Edwin Narain, AT&T Regional Director. “The United Way of North Central Florida’s support for programs with proven results improves the lives of our citizens by connecting them with resources and expertise that helps them succeed.”
